Meta Tag Optimization - Complete!

Date: 2nd-Jan-2010
URL: www.example.com
Dear [First Name]

Our technicians have created and uploaded your optimized meta tags!

Meta tags contain additional information about your web page, which is not visually displayed on the website, but it is used by the search engine spiders to more accurately list your site in the search engine results.

We have optimized your title, description and keyword tags on the following pages to ensure your code is error free and ready for higher search engine rankings!

Optimized Meta Tags
